<https://www.linkedin.com/in/kapilgawande/>

PROFILE

Experienced **AI & ML Engineer** skilled in analyzing large datasets, developing advanced ML solutions, and communicating insights effectively. Proficient in **OpenAI** and **Hugging Face API** for creating intelligent **chatbots** and NLP models, **designing** and optimizing **machine learning pipelines** for seamless integration, and delivering high-quality **AI solutions** that drive real business value.

WORK EXPERIENCE

AI & ML ENGINEER

Daily Code Solutions -

- Designed and **implemented** an efficient **chatbot** for DailyCodeSolution using **OpenAI** library for automating customer service.
- Utilized the library's **fine-tuning model** for performing various tasks including summarizing reviews, **suggesting** improvements, **answering user questions**, and writing chargeback emails.

DATA SCIENCE 06\2022 - 3\2023 Alma Better - Trainee

Proficient in **Python, SQL, Regression, Classification, NLP, Clustering, Recommendation Systems**, Time Series Analysis,

- Data Cleaning**, Feature Engineering and **Data Visualization**. Experienced in providing Subject Matter Expertise and solving **data science queries** for effective decisionmaking and **problem-solving**.

JUNIOR ENGINEER

07\2020 - 05\2021

Amravati, Maharashtra

Proficient in Microsoft Excel, Auto-cad, and 3dsMax (visualization).

- Utilize these tools to manage budgets, analyze historical data, find trends and patterns, and communicate design and cost effectively using data visualization techniques.

EXPERTISE

OpenAI-API

Hugging Face API

DEEP LEARNING

NATURAL LANGUAGE PROCESS

SKILL

NLP

PySpark

Topic Modelling

Tensorflow / Keras

Sentiment Analysis

Scikit-learn

DataPreprocessing

Machine Learning

ACHIEVEMENTS

Python for Data Science, AI & Development

By - IBM ML Badge

(2022) by LinkedIn

Python for Data Science, AI & Development

By - IBM

Chat-Bot NLP Model on Hugging Face By - Openai

EDUCATION

Bachelor of Engineering {Civil}-2022

Amravati University - Maharashtra
